*"As a small business owner for the past 19 years, I've been viewing a lot of webinars on EIDL & PPP programs. I have found that the series of webinars that you folks have been doing has been the easiest to understand. I appreciate the amount of time that was taken to put together the information, getting a panel of experts and make it available to not just the business owners in Maui County but all business owners. THIS IS WHAT I WAS LOOKING FOR. I've been approved for the PPP program and my banker is hoping to have the loan ready by the end of the month and this will be so helpful for me."*
